NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS For the six months ended June 30, 2022 (Expressed in Canadian Dollars)

#### 1. NATURE AND CONTINUANCE OF OPERATIONS

Canterra Minerals Corporation (the "Company") is incorporated under the Business Corporations Act, British Columbia and is considered to be in the exploration stage with respect to its mineral properties. Based on the information available to date, the Company has not yet determined whether its mineral properties contain ore reserves.

The Company's head office and principal address is 580 – 625 Howe Street, Vancouver, British Columbia, Canada, V6C 2T6. The Company's registered and records office is 2200 – 885 W Georgia Street, Vancouver, British Columbia, Canada, V6C 3E8.

These condensed consolidated interim financial statements have been prepared by management on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred ongoing losses and has no source of recurring revenue. These material uncertainties may cast significant doubt upon the Company's ability to continue as a going concern. A number of alternatives including, but not limited to selling an interest in one or more of its properties, monetizing marketable securities or completing a financing, are being evaluated with the objective of funding ongoing activities and obtaining additional working capital. The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future and repay its liabilities arising from normal business operations as they become due.

The recovery of the amounts comprised in mineral properties is dependent upon the confirmation of economically recoverable reserves, the ability of the Company to obtain necessary financing to successfully complete their exploration and development, and upon future profitable production.

The condensed consolidated interim financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

#### 2. BASIS OF PREPARATION

## **Statement of Compliance**

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standards ("IAS") 34, "Interim Financial Reporting" on a basis consistent with the accounting policies disclosed in the audited consolidated financial statements for the fiscal year ended December 31, 2021.

These condensed consolidated interim financial statements should be read in conjunction with the most recently issued audited consolidated financial statements, which include information necessary or useful to understanding the Company's business and financial statement presentation. In particular, the Company's significant accounting policies which were presented in Note 3 to the Consolidated Financial Statements for the fiscal year ended December 31, 2021 and have been consistently applied in the preparation of the Company's consolidated interim financial statements.

The Company's condensed consolidated interim financial statements are unaudited. Financial information in this report reflects any adjustments (consisting of normal recurring adjustments) that are, in the opinion of management, necessary to a fair presentation of results for the interim periods in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board.
